

MyChart Sign-Up Request

In order for you to access your medical record (including lab and test results) and keep up to date with important health reminders, we are asking for your current email address. This will give you access to our secure MyChart online feature. Once we have activated your account, a number of features will be available to you including the option to send your physician non-urgent medical questions 24/7.

MyChart also offers a FREE app through the Android Marketplace and Apple Store. To access the app, please go to your app store and search "MyChart." Once downloaded, you will select the state of "Ohio" and then choose "The Christ Hospital."
