

THE CHRIST HOSPITAL HEALTH NETWORK ADVANCED PRACTICE PROVIDERS

At The Christ Hospital Health Network, Advanced Practice Providers, such as Clinical Nurse Specialist (CNS), Nurse Practitioners (NP), Certified Registered Nurse Anesthetists (CRNA), Certified Nurse Midwives (CNM), and Physicians Assistants (PA) work in nearly every specialty including cardiology, internal medicine, oncology, surgery, orthopedics, pain service, and women's health.

As a part of the multidisciplinary team, they work collaboratively with doctors, nurses, and other healthcare providers, participating in all aspects of care, including:

- Perform diagnostic tests, cancer and other screening evaluations
- Discuss treatment options
- Monitor patients during active therapy
- Treat symptoms, counsel and educate patients
- Develop treatment plans for acute and chronic diseases
- Educate and guide patients on disease prevention and healthy lifestyle habits
- Understand the changes in health promotion throughout the aging process
- Conduct physical exams
- Performing/Ordering diagnostic tests or procedures
- Managing overall patient care regarding lifestyle and development issues
- Emphasizing preventative care and disease management
- Prescribing medications/Treatments
- Conduct clinical studies
- Deliver babies
