

COVID-19 Vaccination Information

As we all start to go back to work, travel, or attend events such as a concert or sporting event, patient's might be asked if they've been vaccinated for COVID-19. Patients can share their information quickly, easily, and securely, right from MyChart by downloading a PDF document and printing it out.

Try It Out

1. Patient will log in to their MyChart account.
2. From the menu, go to **My Record > COVID-19**.
3. Select **Download/Export** and then **Download vaccination PDF** (on the MyChart mobile app) or **Download** (on the MyChart website). The patient can then save the PDF to their mobile device or computer and print it if needed.
