

Patient Price Information List

In compliance with state law, The Christ Hospital is providing this price list containing our charges for room and board, emergency department, operating room, delivery, physical therapy and other procedures. The hospital's charges are the same for all patients, but a patient's responsibility may vary, depending on payment plans negotiated with individual health insurers. Uninsured or underinsured patients should consult with our admitting and billing staff to determine whether they qualify for discounts. These prices are correct as of 7/01/18.

Hospital Billing Policies

BILLING INFORMATION

BILLING POLICY

The patient's guarantor is financially responsible for service provided to the patient at The Christ Hospital. If the patient is the beneficiary of government or private health care coverage, The Christ Hospital will bill the third party payer. The guarantor's share of the amount billed for services (co-payments and deductibles) and any amounts for services not covered by the third party payer are payable at the time of service. The Christ Hospital will bill the guarantor for any remaining balance that is the responsibility of the guarantor under terms of the payer contract and for charges for services that may not be covered by the third party payer consistent with the payer contract. Upon request, The Christ Hospital will provide the guarantor with an itemized bill.

The Christ Hospital does not charge interest on unpaid balances owed by the patient's guarantor.

The Christ Hospital encourages the patient to contact their insurance company to verify details of their respective coverage/financial obligation.

If you are worried about paying your medical bills or if you have no health insurance, please talk to one of our financial counselors about payment plans or discounts. The Christ Hospital offers financial counseling to assist and aid in meeting financial obligations. Please call the Customer Service Department for more information.

Physician Fees, Specialists, Additional Tests

Charges listed on the Price Disclosure document do not include charges for physician fees, specialists, or charges for any additional tests ordered for your care.

FREQUENTLY ASKED QUESTIONS REGARDING "BILLING"

Q. What is a guarantor?

A. A guarantor is a person held responsible by the Christ Hospital for medical expenses incurred on a patient's behalf. This may be the patient, parent, legal guardian(s), or agent(s).

Q. If I have questions regarding my bill, who can I call?

A. Please contact our Customer Service Department at (844)286-5497 (toll-free).

Q. What is a deductible? A co-payment? Co-insurance?

A. A deductible is the amount you pay each year before your plan begins paying benefits. This amount is usually a set dollar amount. A co-payment is a cost sharing agreement in which you pay a flat-dollar fee for a specific service. An example would be where the insurance plan charges a flat \$50 co-payment for all emergency room visits. Co-insurance is the portion of your health care expenses for which you are responsible. If your co-insurance is 20%, then you would pay 20% of the expense after your deductible is met and your insurance company would pay the remaining 80%. You should check with your insurance company for specifics for your plan of coverage.

Q. What is an Explanation of Benefits (EOB) or Explanation of Payment (EOP)?

A. These are documents showing a detailed listing of how your insurance company processed your claim or bill. An EOB or EOP is mailed by your insurance company directly to you.

Q. Which methods of payment can I use to pay my bill?

A. The Christ Hospital accepts payments made by cash, check, money order, or credit card. We accept Visa, MasterCard or American Express.
