REFERENCE TO BLOCK SCHEDULE

SITE 1 – The Christ Hospital Health Network (TCHHN)

ABBREVIATIONS:

CCU: Coronary Care Unit

CCS: Cardiology Clinical Service: Non-Critical In-patient telemetry monitored patient areas

Imaging: Includes Cardiovascular Computed Tomography/Magnetic Resonance Imaging, Echocardiography and Nuclear, TEE (Transesophageal Echocardiography)

CCL: Cardiac Catheterization Laboratory

EP: Electrophysiology Rotation

CHF: Acute and Chronic Heart Failure, Cardiac mechanical assist device rotation

Echo Simulation/Training

SHD: Structural Heart Disease

Cardiac Surgery

Vascular Surgery

Elective

VACATION: Fellows are allowed 5 weeks of vacation (25 days)

Elective Rotations:

Fellow in good standing will have option to choose from the following electives:

- Structural heart disease
- EP lab
- Research
- Cardiac CT and Cardiac MRI (Imaging) to meet level 2 or 3 training guidelines
- Adult Congenital Heart Disease
- Peripheral Vascular Disease
- Cardio-Oncology
- Intraoperative 3D TEE
- Research for Fellows in their 3rd year needing additional time to finish research projects

Research:

At the beginning of training the Fellows will meet with our Research Faculty to select projects and a mentor that they will pursue over the period of their training. Fellows will be expected to submit original research for publication in a peer reviewed journal. The Dean Kereiakes Research Prize will be awarded to the best original research. The Christ Hospital Health Network is affiliated with The Carl and Edyth Lindner Research Center at The Christ Hospital Health Network. The Carl and Edyth Lindner Research Center at The Christ Hospital has participated in over 1,200 clinical research trials (130 active trials) and has introduced many of the new techniques in cardiovascular medicine over the past 25 years. These studies have included first-in-man as well as first-in-the-U.S. experiences with leading-edge techniques.
